The Announcement

A SPIRIT of cooperation exists among the consignors to the semi-annual Galesburg Shorthorn sales which cannot be matched elsewhere in this country. There is no grumble when the Sale Manager asks a consignor to improve his offering by replacing one or two animals of medium quality with one or two better ones; there are no words of dissension when demands are made upon the consignors to produce certificates giving absolute health guarantees; in short, no consignor objects to any policy that will prove helpful to the buyer. Consignors realize that because of their attitude toward the buying public, the Galesburg sales have earned the rightful reputation of drawing more "repeat buyers" than any other sales in the country. That they are anxious to protect this reputation is clearly indicated by the improved quality of each successive sale offering.

An especially desirable lot of cattle have been assembled for the sale on April 1st. The 18 bulls are nearly all of serviceable age, they are of excellent type and quality, and the strongest Scotch ancestry insures the breeding worth of each bull. Never in the history of Galesburg sales has a more richly bred collection of Scotch females been assembled. The entire offering has been drawn from the strongest herds in the Central States. A study of this illustrated catalog which contains a fair description of each animal will convince you that some of the best bred cattle of the year are to be offered in this sale.

Remember,—hundreds of buyers who **must operate their herds at a profit** have used the Galesburg sales exclusively as their source of supply for good herd bulls and foundation females.

Terms and Conditions

Sale will start promptly at 12:30 o'clock.

LOCATION—The sale will be held in the C. B. & Q. Stock Yards at Galesburg, Ill., on Friday, April 1, 1938. Galesburg may be reached from any direction on paved roads.

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyers risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE—All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. All cattle have been blood tested for Bang's Disease. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if after a test in the sellers herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of the sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's costs of transportation.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

All animals in this sale have been tested for tuberculosis and Bang's Disease and health charts to comply with the regulations of any state will be provided.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

Just a Word about

Investing Your Money!

THE shrewdest financiers in the country are advising the investment of all idle funds in Real Property at the present time. At the top of the list of suggested investments are land and producing livestock. Most of those who will read this catalog are already owners of land. Many of them, however, do not own sufficient live stock to consume the grains and roughage produced on their land.

If you will take the time to analyze the careers of various farmers who may come under your observation, you will agree that those who have maintained good producing herds of beef cattle have had less fear from old man Depression than all others. They have clipped a coupon every year and the dividend from every calf has represented a very fair rate of interest on the original investment in the cow that produced it. Those who have operated along these lines have made use of roughage that could not have been turned to equal profit in any other way and they have conserved the fertility of their soil.

Why don't YOU take advantage of present moderate price levels and stock YOUR FARM with some good Short-horn females? They will produce both beef and milk. The calves will show greater weight for age than those of any other breed. There is a ready market for every calf.

In the sale at Galesburg on April 1st there are 33 females that have been drawn from the most reliable herds in the Central States. They are excellent individuals and they represent perfect blood lines. Prices will be moderate. Every female purchased in this sale will return a splendid dividend on the investment. Now is the time to buy Shorthorn females. The Galesburg sale on April 1st affords a splendid opportunity.
